

TWO DAYS WORKSHOP ON ARTIFICIAL INTELLIGENCE

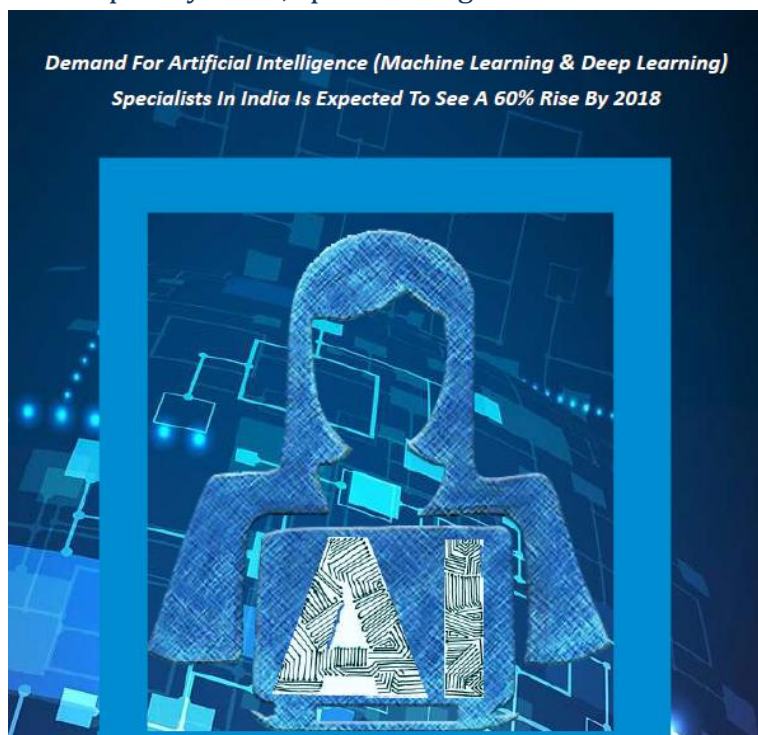

STARTS ON
ANY 2 WEEKENDS –
SATURDAY

DURATION
9AM – 6PM

WORKSHOP FEES

WHY ARTIFICIAL INTELLIGENCE

AI (Artificial Intelligence) is the simulation of human intelligence processes by machines, especially computer systems. These processes include learning (the acquisition of information & rules for using the information), reasoning (using rules to reach approximate or definite conclusions) & self-correction. Practice applications of AI include expert systems, speech recognition & machine vision.

This one day workshop is an introductory workshop to the IITK programs on AI & ML

PROGRAM FACULTY

Ms. Romita Swarup: A deep interest for exploring newer horizons in the area of Web. Have trained faculties & students in the field of Interactive Web. Deep understanding & working knowledge of UI/UX, Web Programming, Interactive Media, Post Production.

WORKSHOP HIGHLIGHTS

Introduction to AI

- Foundations & History of Artificial Intelligence
- Applications of AI
- Computer vision

Working with Python

- Installation
- Importing libraries
- Creation of projects
- Files
- Installation of packages

Working with images

Working with shapes

Working with text

Sketch

Live Sketch

Project

- Motion detection
- OCR
- Facial recognition

Introduction to ML

CERTIFICATE OF PARTICIPATION

What will you get?

1. Certificate of participation from Futurz Xplored (Will help you a lot for jobs in future)
2. Software Kit. (Online)
3. Counseling to the IITK Programs

Xplora Design Skool is India's Premier Digital Media (Animation, Graphics & Web-UI-UX) ISO 9001:2000 certified organization having multiple campuses in India & China. Xplora program are also running in Guiyang, Nanjing & Beijing in China.

Xplora received the prestigious,

'Shiksha Bharti Puraskar' for training & providing employment to 1,00,000+ students over the last 20 years, & **'Indian Leadership award for Education Excellence'** by Indian Economic Development & Research Association for excellent curriculum & courses aimed at 21st Century Learning needs.

Collaborations with these organizations enrich our offerings,

We believe in constantly adding values, in a way that today has to be better than yesterday, growing minute by minute & providing something new every moment. This stems from the spirit of innovation & constant change. We thus invite you to partner with us for the international & national employment oriented programs, these premium programs offer high revenue sharing opportunity,

Dear Students,
We look forward to you joining & attending this hands-on workshop on AI

Best Wishes,
Mr. Rohit Swarup (Founder Director Innovation & Research Foundation)

NEED MORE INFORMATION

For any course-related questions or to discuss whether this is the right program to IITK course for you or your team, please contact us.
